Inspired Wearing
Unimpressed in seeing just the girl of the street because she is unlike any other.
I am inspired by whatever it is she is doing & wearing.

Original *Independent*

Create your own individual style. I'm not interested in the girl who walks into my office in a HEAD-TO-TOE LABEL look that's straight off the runway. I'm interested in a girl who puts herself together in an ORIGINAL, INDEPENDENT way.

Politeness/ Destiny

I don't understand how a woman can have the most wildest feeling, but it's up to her - if only out of politeness. And then, you know more, maybe that's the day she has a date with destiny. And it's hard to be as pretty as possible for destiny.

I don't understand how a woman can have the most wicked thing, her will up a stake - if only out of politeness. And then, you know more, maybe that's the day she has a date with destiny. And it's hard to be as pretty as possible for destiny.
