It makes us feel good, unique, and beautiful. Moreover, fashion boosts the economy and creates jobs for a huge number of people. Don't be into trends. Don't make fashion own you, but you decide what you are, what you want to express by the way you dress and the way to live.

Fashion is the armor to survive the reality of everyday life. We don't design clothes. We design dreams. Fashion is very important. It is life-supporting stuff, like everything that gives pleasure, it is worth doing well.

is not your style

you can define it.
It's something that

of our culture, and
it's about more than
just a pretty dress.

The best fashion advice I'd say would
be just to do what makes you
comfortable and what makes you feel
cute, and that's how you're gonna look
your best 'cause when you feel your
best, everybody else can feel it, too.
