Women think of all colors
except the absence of color
I have said that black has it all
white too their beauty is absolute
it is the perfect harmony.

Fashion has been purposed comfort and how beauty comes when fashion succumbs.

Classic beauty

Fashion is really about versatility from a woman's heart
and the desire to be unique and not just with suggested class
grace and style to make a strong impression
around and not more complicated with themselves
and their bodies. They no longer have the need to
hide behind their clothes.
