THE NEW MORDEN

"Fashion is not important. It is the collection and the everything that
it is about. It is the way you feel."

FASHION FADE

"Tradition is what exists before time is lost by change. What exists is what you choose."

Zulfa®

"Fashion is part of the daily life and it changes all the time, with all the trends, but we are not the expression of a moment in time. We are not just wearing it, we are living it."
